

Recommendation Letter

In a time like this, when major changes in our lives must be made.

"Trusting" Someone, to help solve your solutions, give you answers, and take some of the burden off your hands is hard to find!

We are two single mothers, in and out of foreclosure and forced to sell our home, "as is!"

We are relocating to Akron, OHIO closer to our families, for the sake and growth of our children.

It brought tears to my eyes, right now as we sit at the lawyers' office across from each other, waiting for the closing on our house.

My tears are of happiness for all of us.

For a few minutes, in a private time alone, I expressed to Jerry that he was a "GOD-SEND": the Lord sent him to us.

The first time we met, I knew in my heart, that we "could" trust someone.

Terry took the time to listen to our situation and offered several different options to benefit "US"... Not himself!

We all benefited in the "DEAL" he had to offer... and Jerry himself will tell you -

* "When I offer a deal, the deal will benefit you!"

And that's "The Truth!"

Trust in Him (as in the Lord)
and Trust in Terry to assist you in a decision you can afford!

We highly recommend Jerry Cole to assist you in the buy or sale of your home. We've had an incredible experience and can guarantee that Jerry Cole will be on your side. - NOT HIS!

Good Luck & God Bless!
