Mr. Greg Norman
Creative Carolina Properties, LLC

Dear Mr. Norman,

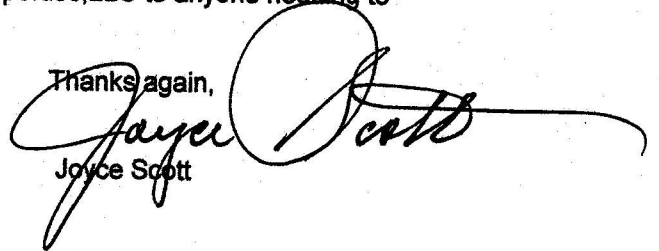

Thank you and your staff for making selling my home of 50 years a very pleasant experience. Since I had moved out of state approximately 6 months previously, it was necessary to decide whether to sell "as is" or try to update myself. Realizing how difficult it would be to supervise from long distance, the most realistic choice was to sell without the update.

When I contacted your business, I received a very positive, timely response. One of your staff came to see the house and very shortly I received a call from you. The end result was your purchase of the property in a very short time.

Everyone that I had contact with was very courteous, professional and most accommodating. I would not hesitate to recommend Creative Carolina Properties, LLC to anyone needing to sell their property.

Thanks again,

Joyce Scott
