Subject: The sale of my house last fall

By the time I called your number Greg, I was at my wits end. I had begun a number of projects around the house, and not gotten them finished before my company went bankrupt and disappeared off the face of the earth. I happened to see your number and called that afternoon, not really expecting anything out of it.

Within 4 business days, I was sitting with you in your lawyer's office signing papers to sell the house as is.

WOW!

Talk about a rescue. . . I got the money I needed to get out of the place and clear away a bunch of debt while you took over the problems I couldn't deal with. I was totally fried, and I very much appreciate how you handled all of our business together.

I have bought and sold a number of homes over the past 40 years, and this went so well, it's hard to believe that anyone would want to do it any other way. 5 days to completing all of the transactions, no realty fees, and no problems.

The next time I need to sell a house, I am going to call you as soon as the thought crosses my mind. I can't think of any reason at all that I would do it the way I've done before.

Thank You very much Greg

John Lindsey
