I would recommend Greg to any person that is looking to sell their home quickly but still not lose money. When I first contacted Greg, he was able to get my home sold and set up the closing date all within about 3-4 days. Within 2 weeks we were done with the closing and I had a check in my hand. I dont think anyone could have been more of a lifesaver than Greg. If anyone would like to speak with me regarding anything I would be happy to give a verbal recommendation, 540-██████████. Thanks again.
